D.J. Jacobetti State Veterans Home
Administrator
425 Fisher Street
Marquette, MMI 49855

Dear Mr. Slagle,

The Oscar G. Johnson VA Medical Center along with Ascellon Corporation team members conducted the annual survey of the D.J. Jacobetti State Veterans Home in Marquette on January 6 - January 8, 2015. During the survey, standard number 108 was not met and standard number 112 was provisional met. A letter was sent to you on February 4, 2015 listing those deficiencies and requesting a corrective action plan.

On March 9, 2015 you responded with the D.J. Jacobetti State Veterans Home corrective action plan. The survey team reviewed the corrective action plan response to these items and found them to be acceptable. Based on the review process and response I am recommending full certification for the D.J. Jacobetti State Veterans Home. The survey results now include a Met Rating for all standards reviewed.

If you have any questions, please contact Carol Varda, VA Medical Center Representative, who coordinates the survey team's activities at 906-774-3300, ext. 32606.

Thank you for your continued service to our nation's Veterans.

Sincerely yours,

A handwritten signature in black ink, appearing to read "J. W. Rice", is located below the "Sincerely yours," text.

February 4, 2015

D.J. Jacobetti State Veterans Home
Administrator
425 Fisher Street
Marquette, MI 49855

Dear Mr. Slagle,

The Oscar G. Johnson VA Medical Center along with Ascellon Corporation team members conducted the annual survey of the D.J. Jacobetti State Veterans Home in Marquette on January 6 - January 8, 2015. Enclosed is the State Home Survey Report.

The survey report identifies standards that are not in compliance with VA standards and that must be corrected in a timely manner. The team has determined that the Home does not meet the following standards:

38CFR 51.120(i) Quality of care - Accidents, Standard #108
38CFR 51.120 (m) Quality of care – Unnecessary drugs #112

The D.J. Jacobetti State Veterans Home is not in compliance with VA standards. Please provide my office with a Correction Action Plan (CAP) for each cited deficiency no later than 20 workdays after receipt of this letter. The enclosed report provides you with the cited deficiencies. The survey team will review the CAP to determine if actions to be taken will bring cited standards into compliance with VA standards and if the timeframes are reasonable. The approved plan will be the basis for evaluating the status of deficiencies based on reasonable timeframes reported in your plan and the compliance with VA standards. Certification will be granted once all VA standards are met.

The State Home has the right to appeal the determination that the Home does not meet the standards and must submit the appeal to the Under Secretary for Health, through the Chief Consultant, Geriatrics and Extended Care, in writing within 30 days of receipt of this notice. In your appeal, you must explain why the determination is inaccurate or incomplete and provide any new and relevant information not previously considered. Any appeal that does not identify a reason for disagreement will be returned to the sender without any further consideration.

If you have any questions, please contact Carol Varda, VA Medical Center Representative, who coordinates the survey team's activities at 906-774-3300, ext. 32606.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'J. W. Rice', with a stylized flourish at the end.

James W. Rice

14	<p>j. Credentialing and privileging. Credentialing is the process of obtaining, verifying, and assessing the qualifications of a health care practitioner, which may include physicians, podiatrists, dentists, psychologist, physician assistants, nurse practitioners, licensed nurses to provide patient care services in or for a health care organization. Privileging is the process whereby a specific scope and content of patient care services are authorized for a health care practitioner by the facility management, based on evaluation of the individual's credentials and performance.</p> <p>1. The facility management must uniformly apply Credentialing criteria to licensed independent practitioners applying to provide resident care or treatment under the facility's care.</p> <p>2. The facility management must verify and uniformly apply the following core criteria: Current licensures; current certification, if applicable, relevant education, training, and experience; current competence; and a statement that the individual is able to perform the services he or she is applying to provide.</p> <p>3. The facility management must decide whether to authorize the independent practitioner to provide resident care or treatment, and each credential's file must indicate that these criteria are uniformly and individually applied.</p> <p>4. The facility management must maintain documentation of current credentials for each licensed independent practitioner practicing within the facility.</p> <p>5. When reappointing a licensed independent practitioner, the facility management must review the individual's record of experience.</p> <p>6. The facility management systemically must assess whether individuals with clinical privileges act within the scope of privileges granted.</p>	(M) Met	Reviewed personnel folders for licenses, certifications and competencies. Scope of privileges maintained according to facility policy. Documentation of peer reviews is maintained.

15	<p>k. Required training of nursing aides.</p> <p>1. Nurse aide means any individual providing nursing or nursing-related services to residents in a facility who is not a licensed health professional, a registered dietitian, or a volunteer who provide such services without pay.</p> <p>2. The facility management must not use any individual working in the facility as a nurse aide whether permanent or not unless:</p> <p>i. That individual is competent to provide nursing and nursing related services; and</p> <p>ii. That individual has completed a training and competency evaluation program, or a competency evaluation program approved by the State.</p>	(M) Met					
16	<p>3. Registry verification. Before allowing an individual to serve as a nurse aide, facility management must receive registry verification that the individual has met competency evaluation requirements unless the individual can prove that he or she has recently successfully completed a training and competency evaluation program approved by the State and has not yet been included in the registry. Facilities must follow up to ensure that such an individual actually becomes registered.</p> <p>4. Multi-State registry verification. Before allowing an individual to serve as a nurse aide, facility management must seek information from every State registry established under HHS regulations at 42 CFR 483.156 which the facility believes will include information on the individual.</p>	(M) Met	Reviewed a sampling of nurse aide personnel folders for evidence of registry.

17	<p>5. Required retraining. If, since an individual's most recent completion of a training and competency evaluation program, there has been a continuous period of 24 consecutive months during none of which the individual provided nursing or nursing-related services for monetary compensation. The individual must complete a new training and competency evaluation program.</p> <p>6. Regular in-service education. The facility management must complete a performance review of every nurse aide at least once every 12 months, and must provide regular in-service education based on the outcome of these reviews. The in-service training must;</p> <p>i. Be sufficient to ensure the continuing competence of nurse aides, but must be no less than 12 hours per year;</p> <p>ii. Address areas of weakness as determined in nurse aide's performance reviews and may address the special needs of residents as determined by the facility staff; and</p> <p>iii. For nurse aides providing services to individuals with cognitive impairments, also address the care of the cognitively impaired.</p>	(M) Met	Facility is using on line system Relias Learning for training and tracking employee education. Two day training is held for both mandatory topics and special focus topics such as wound care, dementia or hospice care for nurses aides. Nurses aides obtain 16 hours of training per year and is scheduled to assure evening and weekend staff can attend. Feedback is asked of staff for future training topics.				
18	<p>i. Proficiency of nurse aides. The facility management must ensure that nurse aides are able to demonstrate competency in skills and techniques necessary to care for residents' needs, as identified through resident assessments, and described in the plan of care.</p>	(M) Met

19	<p>m. Level B Requirement Laboratory services.</p> <p>1. The facility management must provide or obtain laboratory services to meet the needs of its residents. The facility is responsible for the quality and timeliness of the services:</p> <p>i. If the facility provides its own laboratory services, the services must meet all applicable certification standards, statutes, and regulations for laboratory services.</p> <p>ii. If the facility provides blood bank and transfusion services, it must meet all applicable certification standards, statutes and regulations.</p> <p>iii. If the laboratory chooses to refer specimens for testing to another laboratory, the referral laboratory must be certified in the appropriate specialties and subspecialties of services and meet certification standards, statutes, and regulations.</p> <p>iv. The laboratory performing the testing must have a current, valid CLIA number (Clinical Laboratory Improvement Amendments of 1988). The facility management must provide VA surveyors with the CLIA number and a copy of the results of the last CLIA inspection.</p> <p>v. Such services must be available to the resident seven days a week, 24 hours a day.</p> <p>2. The facility management must:</p> <p>i. Provide or obtain laboratory services only when ordered by the primary physician;</p> <p>ii. Promptly notify the primary physician of the findings;</p> <p>iii. Assist the resident in making transportation arrangements to and from the source of service, if the resident needs assistance; and</p> <p>iv. File in the resident's clinical record laboratory reports that are dated and contain the name and address of the testing laboratory.</p>	(M) Met	<p>CLIA ID number 23D0038098</p> <p>Effective date: 01/03/2015</p> <p>Expiration date: 01/02/2017</p> <p>Services and reports ordered by appropriate scope of practice per record reviews.</p>

34	<p>§ 51.41 Per diem for certain veterans based on service-connected disabilities.</p> <p>(a) VA will pay a facility recognized as a State home for nursing home care at the per diem rate determined under paragraph (b) of this section for nursing home care provided to an eligible veteran in such facility, if the veteran:</p> <p>(1) Is in need of nursing home care for a VA adjudicated service-connected disability, or</p> <p>(2) Has a singular or combined rating of 70 percent or more based on one or more service-connected disabilities or a rating of total disability based on individual unemployability and is in need of nursing home care.</p> <p>(b) For purposes of paragraph (a) of this section, the rate is the lesser of the amount calculated under the paragraph (b)(1) or (b)(2) of this section.</p> <p>(1) For each of the 53 case-mix levels, the daily rate for each State home will be determined by multiplying the labor component by the nursing home wage index and then adding to such amount the non-labor component and an amount based on the CMS payment schedule for physician services. The amount for physician services, based on information published by CMS, is the average hourly rate for all physicians, with the rate modified by the applicable urban or rural geographic index for physician work, and then with the modified rate multiplied by 12 and then divided by the number of days in the year.</p> <p>Note to paragraph(b)(1): The amount calculated under this formula reflects the applicable or prevailing rate payable in the geographic area in which the State home is located for nursing home care furnished in a non-Department nursing home (a public or private institution not under the direct jurisdiction of VA which furnishes nursing home care). Further, the formula for establishing these rates includes CMS information that is published in the Federal Register every summer and is effective beginning October 1 for the entire fiscal year. Accordingly, VA will adjust the rates annually.</p> <p>(2) A rate not to exceed the daily cost of care for the month in the State home facility, as determined by the Chief Consultant, Office of Geriatrics and Extended Care, following a report to the Chief Consultant, Office of Geriatrics and Extended Care under the provisions of §51.43(b)</p>	(M) Met	<p>All FY 14 invoices were reviewed, and none exceeded the maximum billable rate of \$345.59 allowed per day of care. All of these veterans were rated between 70-100% for service-connected disabilities.</p> <p>\$2,254,283.57 was paid during FY 14 for 6523 days of care, for a cost of \$345.59 paid per day of care.</p>

	<p>of this part by the director of the State home.</p> <p>(c) Payment under this section to a State home for nursing home care provided to a veteran constitutes payment in full to the State home by VA for such care furnished to that veteran. Also, as a condition of receiving payments under this section, the State home must agree not to accept drugs and medicines from VA on behalf of veterans provided under 38 U.S.C. 1712(d) and corresponding VA regulations (payment under this section includes payment for drugs and medicines).</p>						

NO.	STANDARD DESCRIPTION	RATING	EXPLANATORY STATEMENTS	STATE CORRECTIVE ACTION PLAN	STATE PROPOSED COMPLETION		FINAL RATING/ DATE
					DATE	VA FOLLOW UP	
35	<p>(a) As a condition for receipt of per diem under this part, the State home must submit to the VA medical center of jurisdiction for each veteran completed VA Forms 10-10EZ or VA Form 10-10EZR, VA Form 10-10SH, and must be submitted at the time of admission, with any request for a change in the level of care (domiciliary, or adult day health care), and any time the contact information has changed.</p> <p>(b) VA pays per diem on a monthly basis. To receive payment, the State must submit to the VA medical center of jurisdiction a completed VA Form 10-5588. This form is set forth in full at §58.11 of this chapter.</p> <p>(c) Per diem will be paid under §§51.40 and 51.41 for each day that the veteran is receiving care and has an overnight stay. Per diem also will be paid when there is no overnight stay if the facility has an occupancy rate of 90 percent or greater. However, these payments will be made only for the first 10 consecutive days during which the veteran is admitted as a patient for any stay in a VA or other hospital (a hospital stay could occur more than once in a calendar year) and only for the first 12 days in a calendar year during which the veteran is absent for purposes other than receiving hospital care.</p> <p>(d) Initial per diem payments will not be made until the Under Secretary for Health recognizes the State home. However, per diem payments will be made retroactively for care that was provided on and after the date of the completion of the VA survey of the facility that provided the basis for determining that the facility met the standards of this part.</p> <p>(e) The daily cost of care for an eligible veteran's nursing home care for purposes of § 51.40(a)(1) and 51.41(b)(2) consists of those direct and indirect costs attributable to nursing home care at the facility divided by the total number of residents at the nursing home.</p> <p>(f) As a condition for receiving drugs and medicines under this part, the State must submit to the VA medical center of jurisdiction a completed VA Form 10-0460 for each eligible veteran. The corresponding prescriptions described in §51.42 also should be submitted to the VA medical center of jurisdiction.</p>	(M) Met	<p>All FY 14 VAF 10-5588 invoices were reviewed. VA paid per diem for only the days the veteran was at the state home facility. The 70-100% service connected veterans receive their drugs free from the VA. The Benefits Coordinator at Jacobetti updates the Aid and Attendance database so the Pharmacist can properly bill for medications. Medicare D is billed only when drugs are purchased for the ineligible veterans.</p>

	<p>resident property in the facility, and non-compliance with the advance directives requirements.</p> <p>7. The facility management must have written policies and procedures regarding advance directives (e.g., living wills). These requirements include provisions to inform and provide written information to all residents concerning the right to accept or refuse medical or surgical treatment and, at the individual's option, formulate an advance directive. This includes a written description of the facility's policies to implement advance directives and applicable State law. If an individual is incapacitated at the time of admission and is unable to receive information (due to the incapacitating conditions) or articulate whether or not he or she has executed an advance directive, the facility may give advance directive information to the individual's family or surrogate in the same manner that it issues other materials about policies and procedures to the family of the incapacitated individual or to a surrogate or other concerned persons in accordance with State law. The facility management is not relieved of its obligation to provide this information to the individual once he or she is no longer incapacitated or unable to receive such information. Follow-up procedures must be in place to provide the information to the individual directly at the appropriate time.</p> <p>8. The facility management must inform each resident of the name and way of contacting the primary physician responsible for his or her care.</p>

39	<p>c. Protection of resident funds.</p> <p>1. The resident has the right to manage his or her financial affairs, and the facility management may not require residents to deposit their personal funds with the facility.</p> <p>2. Management of personal funds. Upon written authorization of a resident, the facility management must hold, safeguard, manage, and account for the personal funds of the resident deposited with the facility, as specified in paragraphs (c)(3)-(6) of this section.</p>	(M) Met	Resident has the right to manage his/her financial affairs as policy states. A patient may designate an Administrator as Limited Power of Attorney to deposit funds or make necessary disbursements from their account for monthly maintenance charges or personal needs. Resident's funds are deposited and protected.				
40	<p>3. Deposit of funds.</p> <p>i. Funds in excess of \$100. The facility management must deposit any resident's personal funds in excess of \$100 in an interest bearing account (or accounts) that is separate from any of the facility's operating accounts, and that credits all interest earned on residents funds to that account. (In pooled accounts, there must be a separate accounting for each residents share.)</p> <p>ii. Funds less than \$100. The facility management must maintain a resident's personal funds that do not exceed \$100 in a non-interest bearing account, interest-bearing account, or petty cash fund.</p>	(M) Met	Eight random financial statements were reviewed from FY 14. Funds in excess of \$50.00 (state policy limit) deposited in a resident's personal fund account is interest bearing. Funds deposited below \$50.00 do not bear interest.				
41	<p>4. Accounting and records. The facility management must establish and maintain a system that assures a full and complete and separate accounting, according to generally accepted accounting principles, of each resident's personal funds entrusted to the facility on the resident's behalf.</p> <p>i. The system must preclude any commingling of resident funds with facility funds or with the funds of any person other than another resident.</p> <p>ii. The individual financial record must be available through quarterly statements and on request to the resident or his or her legal representative.</p>	(M) Met	Monthly statements are mailed to the responsible person designated by the veteran or hand delivered to the patient if they are responsible.

96	<p>§ 51.120 Quality of care.</p> <p>Each resident must receive and the facility management must provide the necessary care and services to attain or maintain the highest practicable physical, mental, and psychosocial well-being, in accordance with the comprehensive assessment and plan of care.</p> <p>a. Reporting of Sentinel Events:</p> <p>1. Definition. A sentinel event is an adverse event that results in the loss of life or limb or permanent loss of function.</p> <p>2. Examples of sentinel events are as follows:</p> <p>i. Any resident death, paralysis, coma or other major permanent loss of function associated with a medication error; or</p> <p>ii. Any suicide of a resident, including suicides following elopement (unauthorized departure) from the facility; or</p> <p>iii. Any elopement of a resident from the facility resulting in a death or a major permanent loss of function; or</p> <p>iv. Any procedure or clinical intervention, including restraints, that result in death or a major permanent loss of function; or</p> <p>v. Assault, homicide or other crime resulting in patient death or major permanent loss of function; or</p> <p>vi. A patient fall that results in death or major permanent loss of function as a direct result of the injuries sustained in the fall.</p> <p>3. The facility management must report sentinel events to the director of the VA medical center of jurisdiction within 24 hours of identification.</p>	(M) Met

108	<p>i. Accidents. The facility management must ensure that:</p> <p>1. The resident environment remains as free of accident hazards as is possible; and</p> <p>2. Each resident receives adequate supervision and assistance devices to prevent accidents.</p>	(N) Not Met	<p>S/S(G) Based on observation, interview and records review facility staff failed to safely open the room door of one Sampled Resident #1(one) and therefore causing a fall with an injury.</p> <p>Findings include:</p> <p>On 1/06/15, during the initial tour of the 2-East unit with one of the Nurse Supervisors, Resident #1 was observed up in a specialty wheelchair used for positioning (to assist with sitting in an upward position). Nurse supervisor started "he/she fell last month and broke his/her hip. One of the aides opened the door while he/she was in his/her closet and he/she fell. He/she was always fiddling around, you know."</p> <p>Review of Resident #1's active clinical record revealed the resident was admitted into the facility on 10/22/07 and re-admitted on 1/01/15 with diagnoses that included chronic obstructive pulmonary disease, hypertension and right hip fracture. The annual Minimum Data Set (MDS) dated 10-21-14, indicated the resident had no cognitive impairments or hearing deficits, ambulated independently with a roller walker and required minimal assistance with personal hygiene and dressing. Fall assessment and tracking form dated 12-28-14, the resident scored a nine, not at risk for falls (over 16 indicates fall risk). The Advocate Monthly assessment form dated 12/7/14, indicated the resident walked in room independently/ limited assistance.</p> <p>On 1/07/15, Resident #1 was observed in bed moving his forearm, in and out using a hand weight. When asked what happened last month that caused him to fall, the resident responded "I don't remember, but I want to walk again."</p> <p>Further review of Resident #1's clinical record revealed, a nurses progress note dated, 12/28/14 "staff knocked on door and entered room, member was in his/her closet nearest door. Member fell, landed on right hip...he/she is not able to move</p>	<p><insert CAP details here></p> <p>Member #1 sustained a fall with injury on 12.28.14 and returned to the Home on 01.01.15 following surgery to repair a fractured hip. A root cause analysis of this event was completed on 01.16.15 and an issue brief sent to the VA on 01.21.15.</p> <p>Member #1 has made slow but steady improvement with physical therapy and is working toward a goal of independent ambulation. He attends therapy daily 5x/week. Education is being provided to all staff to remind them that when a door is closed, they must "Knock, speak out, and then wait" before slowly opening the door with caution. Direct care staff will be observed by nurse managers to ensure this practice is followed. QA review of all incidents will assure that the Home does not have any further incidents as a result of deficient practice related to entering member rooms.</p>	March 30, 2015

			<p>his/her right leg in any direction without extreme pain." Incident report dated 12/28/14 documented, "staff knocked on door, entered room, the door bumped member. Member fell landing on right hip. Member did not hit his/her head...member lost balance when staff entered room. Sent to emergency room (ER)"</p> <p>Review of hospital discharge summary dated 1/01/15 revealed, "Right hip fracture with right hip nailing."</p> <p>On 1/08/15 the Director of Nursing (DON) and the Nurse Supervisor was queried concerning the facility's fall investigation practices. They were asked if any staff teaching had been done after staff opened Resident #1's room door and caused him to fall. DON stated "we don't do a root cause analysis unless it's a sentinel event. This wasn't at the time. We didn't interview the aide that was involved or the Resident. We do tracking and trending for our falls so that we have some idea where and when most of the falls is occurring. We do know that most of our falls occur on 2-East because that is where most of our ambulatory residents are. I'm going to do a sentinel event on him (Resident #1) because it doesn't look like he's going to fully recover."</p> <p>On 1/08/15 the physician for Resident #1 was asked about the resident's current condition. The physician stated "up until 2 weeks ago he use to walk up and down the hallway with his walker. He took a tumble and broke his hip. He's still getting therapy and he wants to walk."</p> <p>Review of Resident#1's Advocate Monthly Assessment dated 01/2015 indicated, the resident required extensive assistance with all activities of daily living and no longer walked in room/corridor.</p> <p>Review of the facility's policy titled "Incident Report" dated 12/05/14 indicated "purpose: provide a means of documentation for all unusual incidents...These records can be used</p>

112	<p>m. Unnecessary drugs:</p> <p>1. General. Each resident's drug regimen must be free from unnecessary drugs. An unnecessary drug is any drug when used:</p> <p>i. In excessive dose (including duplicate drug therapy); or</p> <p>ii. For excessive duration; or</p> <p>iii. Without adequate monitoring; or</p> <p>iv. Without adequate indications for its use; or</p> <p>v. In the presence of adverse consequences which indicate the dose should be reduced or discontinued; or</p> <p>vi. Any combinations of the reasons above.</p>	(P) Provisional Met	<p>S/S (D) Based on observation, interview and record review, the facility failed to ensure that anti-psychotic medications were being adequately monitored for the presence of adverse effects for two (2) Sampled Residents (# 4) and (#18). Findings include:</p> <p>1. On 1/08/15, during the initial tour of the 2 East Units, Resident #4 was observed up in specialty chair used for positioning. The resident did not respond to simple questions. Review of Resident #4's active clinical record revealed the resident was admitted into the facility on 8/15/13, with diagnoses that included hypertension, diabetes and anxiety. The quarterly Minimum Data Set (MDS), dated 11/25/14, indicated the resident is severely cognitively impaired and required extensive assistive with all activities of daily living. On 1/5/15, a physician note for Resident #4 revealed "increased anxiety, discontinue trazadone (anti-depressant), haldol (anti-psychotic) 1 milligram every 12 hours." Review of the medication administration records (MAR) for the month of January revealed the resident was prescribed and received Haldol 1 milligram every 12 hours daily. On 1/08/14, the Nurse Supervisor for 2-East Unit was queried concerning the monitoring for side effects with the use of anti-psychotic medications. Nurse Supervisor reviewed Resident #4's active clinical record and found no written for monitoring documentation. Nurse Supervisor stated "I don't know of any formal assessment that we complete but I do think the doctors monitor." MDS nurse stated "we discussed this when we set up our new behavior monitoring program. It was decided the physicians would do the abnormal involuntary movement (AIMS) monitoring." The MDS nurse was</p>	<p><insert CAP details here></p> <p>Facility policy #12-16 does require that physicians at the Home "complete AIMS testing every 6 months and document" however, no formal procedure was ever established to ensure this assessment is completed per policy. Therefore, the Home will implement a formal procedure to ensure that testing is completed every 6 months and documented in the medical record for any member of the Home who is receiving anti-psychotic medications. Testing will be completed by our medical staff (MD, PA, NP) and documented in the medical record every 6 months. The Home will now utilize DISCUS (Dyskinesia Identification System: Condensed User Scale) testing and the facility policy will be updated to reflect this. Any abnormal findings will be reviewed by the medical director/physician designee immediately. The Home's In-Service /Quality Assurance Coordinator (RN) will audit 10% of members on anti-psychotics monthly to ensure DISCUS testing is being completed. Results of the monthly audit will be reported on a QA audit tool and submitted on the monthly QA report and also reviewed at the quarterly QA meeting. An educational program on tardive dyskinesia will be provided for all direct care to identify and report these symptoms immediately should they develop in between assessments.</p>	<p>Initial DISCUS March 30, 2015</p> <p>Training March 30, 2015</p> <p>Policy Update March 30, 2015</p>
